

IIT Roorkee at ACM-ICPC 2018 world finals to be held at Peking University, Beijing, China.

They are one of the 8 teams from India who have qualified for world finals this year. They secured 2nd ranks in both Chennai and Kharagpur regionals.

This is the fifth time a team from IIT-Roorkee has qualified for world finals in the last 6 years.

About ACM ICPC: The ACM-ICPC (Association for Computing Machinery - International Collegiate Programming Contest) is a multi-tier, team-based, programming competition. It is the largest international programming competition for University students. More details can be obtained from <https://icpc.baylor.edu/>
