

Two students from IIT Roorkee, Sharanpreet Singh Lobana from BTech CSE 4th year(14114053) and Ian Noronha from Btech ECE 3rd year have secured 2nd position in an international competition organized by Pitney Bowes SMB on Hackerearth Platform. They have won a cash prize of \$2000 USD for the same. They beat startups like <https://www.zoho.com/> and <https://algorithmia.com/> to win this competition.

Pitney Bowes, a global technology company that provides innovative products and solutions to power commerce, today announced the winners of the Pitney Bowes Global Hackathon. More than 2,000 developers from major technology firms submitted 65 new technology solutions during the Global Hackathon which took place September 29 through October 8, 2017. The company has selected four winners from the 65 submissions.
