Log On

You can delete or release any of these quarantined emails by your own

The screenshot shows a web browser window with the URL <https://192.168.121.73:8447/login.imss>. The page title is "uid=email-support,ou=people,o=iitr.ac.in,o=isc 's Email Quarantine" and it includes a "Log Off" link. Below the title, it says "Manage quarantined messages of distribution lists at [Distribution List EUQ Management](#)." A warning message states "Messages are deleted after 7 days." and "Approved Senders : [0] (of [50] max)". There are "Delete" and "Release" buttons at the top left. A "Display: 15 per page" dropdown is on the right. The main content is a table of 13 quarantined emails. At the bottom, there are "Delete" and "Release" buttons and a "1 - 13 of 13" pagination indicator. Two red callout bubbles are present: one pointing to the "Release" button and the first row of the table, containing the text "To receive the email"; the other pointing to the "Delete" button and the second row of the table, containing the text "To delete the email".
