In a world marked by extremes of intolerance and religious terrorism, Huntington’s prophetic ‘Clash of Civilizations’ seems to be the imminent fall-out. Fortunately, for India, it has been its characteristic reliance on ‘Spirituality’ powerfully aided by ‘Science’ that has helped it tide over situations of crisis during its turbulent past. While in other parts of the world spirituality and science have been treated as poles apart, in India they have always co-existed as complementary to each other with the rishis and the scientists working in complete unison for human welfare. Department of Applied Science & Engineering, IIT Roorkee is going to organize an interdisciplinary international conference on science, spirituality and civilization which intends to examine the intellectual trajectory of cultures and civilizations in the specific light of constructs like Science and Spirituality. The Conference aims to engage delegates of diverse academic backgrounds grappling with issues of literature, science and spirituality that substantially contribute to the connotations of civilization.

Abstracts/ Papers are invited addressing the following (but not limited to):

- The Philosophical bases of Science
- Representation of Science and Spirituality in Literature
- Nature of Correspondence between Science and Spirituality
- Science, Exploration and Exploitation
- Science, Ideology and Hegemony
- Science Education for the Masses
- Writings on Science and Civilization
- The Fiction of Science and the Science Fiction

Important Dates
Last date for Abstract submission: February 15, 2018
Early bird registration: Up to February 20, 2018
Conference dates: MARCH 16-17, 2018
Registration fees: Includes a Conference kit, Certificate, Tea/Coffee-breaks, Lunch (both days)

Venue: IIT Roorkee-NOIDA Campus

The NOIDA Campus of IIT Roorkee is situated in Greater NOIDA, a neighboring locality of New Delhi, a place which is part of the National Capital Region (NCR) Delhi.

The campus is near Knowledge Park II adjacent to Noida Institute of Engineering & Technology (NIET) and Greater Noida Institute of Technology (GNIT), near Expo Mart off Noida-Greater Noida Expressway.

To reach here from Noida, there is regular bus service from Botanical Garden Metro Station, Noida. Noida is connected to Delhi by Delhi Metro which has service from New Delhi Railway Station, Old Delhi Railway Station, Kashmiri Gate ISBT and Anand Vihar ISBT. There is the much-convenient Airport Express line connecting New Delhi Railway Station to the IGI Airport. Depending upon your location, you can consider the following routes:

1. New Delhi/Old Delhi/Kashmiri Gate——-Rajiv Chowk (Change here for Blue line Metro)—–Botanical Garden, Noida.

Here is the address on Google Maps for easy navigation: https://goo.gl/qwZFkj

Boarding and Lodging:

A limited number of accommodation is available in the Guest House at IIT Roorkee -Noida Campus on twin sharing basis as per availability. The rooms are chargeable up to Rs 500 (shared by two) and Rs.1000 (full room). Please confirm as soon as possible by sending an email to sanjitmishra2001@gmail.com so that we can assure you a comfortable stay.

Publication:

The accepted papers will be published in an ISBN book.
Format of the papers: Any commonly accepted, standard format.
Last date for submission of full papers: 25 February 2018
