Dear Sir,

With reference to your email dated 27.01.2026 on the above-mentioned subject.  
The information with respect to IIT Roorkee is given below:

**Question (a): the details of initiatives undertaken by the Government to support all 22 scheduled Indian languages through AI-based language platforms such as Bhashini and BharatGen;**

**reply:** The researchers working at Indian Institute of Technology Roorkee have made contributions to language technologies.

**Question (b): the scope of digitisation of linguistic data, development of multilingual tools and creation of open language datasets under these initiatives;**

**reply (b):** The researchers developed datasets and tools which include Modi-script to Devanagari-script transliteration for the Marathi language, and are currently developing AI-based real-time multilingual translation systems for Indian languages. Researchers at IIT Roorkee are also working on advancing Sanskrit language processing and multilingual natural language processing, supporting the development of indigenous language technologies across the country.

**Question (c): the manner in which academic institutions, startups and public sector agencies across the country have been involved in the development and deployment of these language technologies; and**

**reply (c) :** Researchers from IIT Roorkee, along with some startups such as Soken AI, are working to develop Indian foundational AI model trained with indigenous languages for applications such as Agriculture.

**Question (d): (d) whether the Government proposes to expand the coverage of the platforms and include the Tulu language, spoken predominantly in Dakshina Kannada and Udupi districts of Karnataka, under these AI-based language platforms for education, governance and public service delivery, and if so, the details and timelines thereof?**

**reply (d) :** Not in these specific languages.
